# SMOKE SIGNAL

## 1986

Douglass School  
Home Of The Fighting Indians  
Douglass, Texas

# Memorabilia

As the years go by each one of us collects and saves memorabilia to help us cherish the memories. We hope that when you look into the 1986 SMOKE SIGNAL you will see the memorabilia of friendships, individuals, and teams who helped to make up the 1985-86 school year at Douglass ISD.

# Everyone Needs Friends

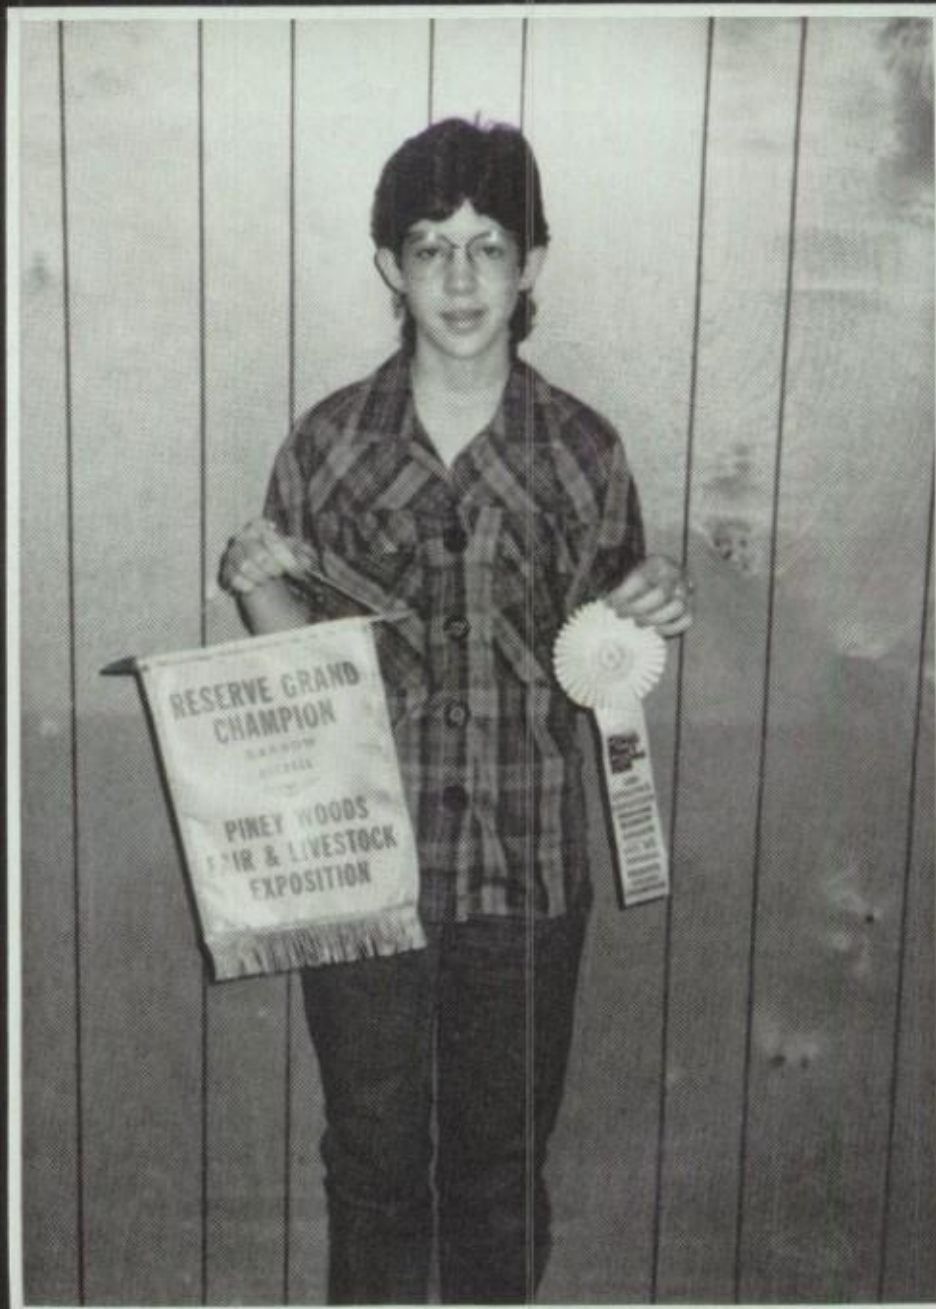

As we go through school we often find times when we really need a friend. We need someone with whom we can share the joys and happiness of new experiences and we need someone to help and comfort us in hard times. As you look back on the year and those who helped you make it through, you can easily see that everyone needs friends.

# Each And Every One, As Individuals

Individual people are what actually make a school unique. At DHS each individual in their own different ways have added a little bit to our own lives. Every single person has his or her own feelings, interests, and ideas regarding each other and the world around us; and we must always remember to treat them, each and every one, as individuals.

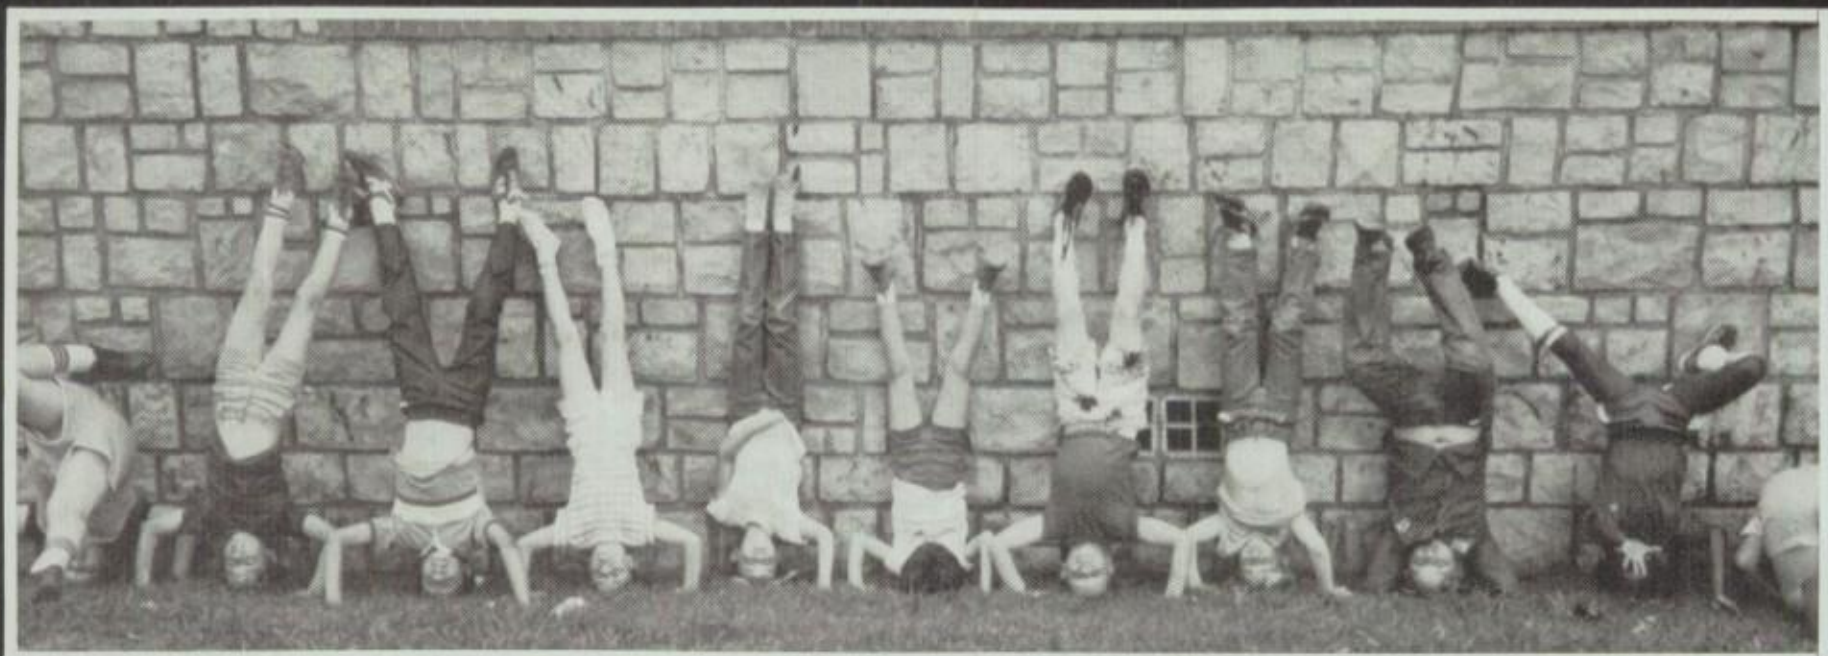

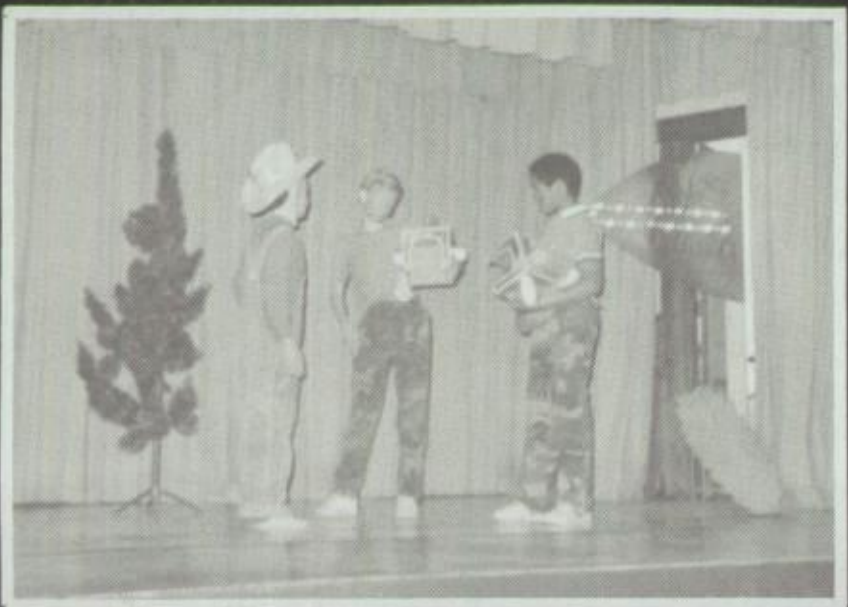

# All Part Of One Big Team

When we think about teams, sports always comes to mind. But whether we know it or not we are all part of several teams, which may not be athletically oriented. Our circle of friends, our class, our clubs, and our sports organizations are all teams—a group of people working together to make our lives and school better for all of us. As you read through this book you will see the people, experiences, and happenings that have drawn us together and made us all part of one big team.

# Dedication Page

The SMOKE SIGNAL Staff dedicates this 1985-86 edition to Mr. James H. Milstead our superintendent who is retiring after eleven years at Douglass School.

Many changes have taken place on the Douglass ISD campus, as a result of the leadership of Mr. Milstead. The most obvious changes have been in the school plant. The main building was air conditioned and renovated, new classrooms, a library, and home economics lab were added onto the north end of the building. On the south end of the campus a new elementary building, a cafeteria and a gymnasium were built. The old gymnasium was also remodeled into a vocational agriculture building.

Mr. Milstead's dedicated leadership has helped make the Douglass School plant one of the finest in East Texas. We wish to express our appreciation for all he has done.
